DEFINITIONS OF FUNDS

A FUND is an independent accounting and fiscal set of accounts, which is required for specific activities or for attaining certain objectives. Separate funds are established to account for the financing of different specific activities of the school district operation.

GENERAL FUND. A set of accounts used to show all ordinary operations of a school system, generally all transactions that do not have to be accounted for in another fund.

SPECIAL REVENUE FUNDS. These are sets of accounts used to represent transactions of programs that are of a special nature. Sometimes called designated purpose funds, their uses and limitations are specified by the legal authority establishing the fund and, generally, the resources of this fund cannot be diverted to other uses.

CAPITAL OUTLAY FUND. A fund established by SDCL 13-16-6 to meet expenditures that result in the purchase of fixed assets. Such expenditures shall be for land, existing buildings, improvement of grounds, construction of buildings, additions to buildings, remodeling of buildings, or for the purchase of equipment.

SPECIAL EDUCATION FUND. A fund established by SDCL 13-37-16 to pay the costs for the special education of all exceptional children who reside within the district.

POST-SECONDARY VOCATIONAL FUND. A fund established by SDCL 13-39-39.1 to account for receipts and expenditures incidental to the operation of the post-secondary vocational programs.

DEBT SERVICE FUND. Used to account for payment of interest and principal on all bonded indebtedness.

BOND REDEMPTION FUND. A fund established by SDCL 13-16-2, 13-16-11, and 13-16-13 to account for the payment of interest and principal on all bonded indebtedness and the outstanding bonded indebtedness.

POST-SECONDARY BOOKSTORE FUND. A fund used to record financial transactions related to bookstore operations at Southeast Technical Institute.

HOUSE CONSTRUCTION FUND. A fund used to record financial transactions related to building a house in conjunction with the high school instruction program.

TRUST AND AGENCY FUNDS. Funds used to account for money and property held in trust by a subdivision of the school district for individuals, government entities or nonpublic organizations. A trust fund is usually in existence over a longer period of time than an agency fund. Primarily, agency funds are used as a clearing mechanism for cash resources collected by the school district, held for a short period, and then disbursed to authorized recipients.
