

Chromebook Use and Handling

General Handling

The Chromebook is a computer and must be handled with care. There are several things you can do to make the Chromebook last longer and offer you a trouble-free and rewarding learning experience.

Care

One of the best features of the Chromebook is the fact that it is portable. It enables you to take your homework and information wherever you go. When transporting the Chromebook, there are a few simple things you can do to protect it.

- Do not throw the Chromebook.
- Keep the Chromebook in its protective case at all times.
- Keep the Chromebook dry, and protect it from rain and snow and any liquid.
- Do not eat or drink near the Chromebook .
- Close the lid of the Chromebook before carrying it from one location to another. This ensures all mechanical and moving parts are not damaged during transit.
- Close the Chromebook carefully-from the center of the screen---do not slam it shut.
- Do not use the Chromebook as a folder to store papers.
- Do not insert things, especially metal objects, into the openings of the Chromebook.
- At the end of each day the Chromebook must be plugged in so that the battery is fully charged for the next day.

Cleaning

- Wipe surfaces lightly with a clean, soft cloth.
- Only use District provided cleaning solution. Do not use water or other cleaning solutions on the Chromebook.
- To keep the screen clean, do not touch the screen with your fingers.

Power Cable

- The Power Cable should be lined up straight with the connector when inserting and removing.
- Be careful not to jerk / pull / twist your Chromebook around when the cables are attached.

Wireless Internet

- Your Chromebook is a wireless only device.
- A wireless network is required to use the device
- There are a number of free wireless “Hot Spots” in Sioux Falls including the public libraries.
